Bahir Dar, Ethiopia

Cybersecurity Professional | Blue Team / SOC Analyst | Full Stack Developer | SIEM Developer

PROFILE

Fourth-year Cybersecurity student at Bahir Dar University with hands-on experience in SIEM development, Blue Team operations, threat detection, incident response, and secure full-stack software development. Actively engaged with TryHackMe, HackTheBox, and LetsDefend platforms. Passionate about building security solutions that address real-world organizational challenges.

EDUCATION

Bachelor of Science in Cybersecurity

Bahir Dar University (BiT) — Bahir Dar, Ethiopia | 2022 – Present (4th Year)

EXPERIENCE

Network Security Internship

Bahir Dar University IT Department | Internship

- Configured firewalls and deployed isolated lab environments
- Configured switches and routers for secure network infrastructure

Software Development — BDU BiTck Hackathon

Bahir Dar Institute of Technology | 2025

- Developed a full-stack Procurement System within a 2-day competitive timeline
- Awarded Certificate of Recognition by BiT-BDU Business Incubation & Techno-Entrepreneurship Center

PROJECTS

SIEM Development & Implementation

Campus Project | Python · React · Elastic Stack · PostgreSQL

- Designed backend to ingest logs from endpoints, servers, firewalls and IDS/IPS devices
- Configured real-time logging, alerting, and analysis for real-world attacks
- Developed custom correlation rules for threat detection
- Integrated with VirusTotal, AbuseIPDB and other threat intelligence platforms
- Designed an email analysis module for tracking email security

Procurement System

Hackathon Project | React · Python · HTML · Go

- Built a full-stack procurement management system within a 2-day hackathon
- Developed responsive frontend for managing purchase requests and approvals
- Designed and implemented a RESTful backend API for procurement workflows

TECHNICAL SKILLS

Security Tools	Wazuh SIEM, Suricata, Snort, ModSecurity, Wireshark, Metasploit, Burp Suite, DVWA
Programming	Python, Go (Golang), Node.js, React.js, Bash Scripting, PowerShell, HTML
Operating Systems	Kali Linux, Ubuntu, Windows
Databases	PostgreSQL, Elastic Stack
Soft Skills	Problem-Solving, Analytical Thinking, Team Collaboration, Communication

CERTIFICATIONS

- **TryHackMe — Complete Ethical Hacking Path** — Completed
- **Wazuh Security Monitoring Workshop** — Completed
- **AI Fundamentals** — Completed
- **Digital Innovation Hackathon-2025 — Certificate of Recognition** — BiT-BDU / PAN

TRAINING PLATFORMS

TryHackMe | HackTheBox | LetsDefend
